Chandrabai-Shantappa Shendure College, Hupari

IQAC Report Summary

Internal quality assurance cell of Chandrabai-Shantappa Shendure college, Hupari is functioning very smooth and meticulously in the institution. As per the guidelines of NAAC the organizational structure of IQAC is formed. The members from all categories of the stakeholders are given representation in IQAC. As per the vision, mission and goals and objectives of NAAC and the parent institute the IQAC every year at the commencement of academic year prepares the plan and implements it effectively during the same year.

During last five years the IQAC has taken initiative in each aspect for all round enrichment and development of the higher education institution. In last five years two multidisciplinary international conference, one national seminar and one state level seminar has organized. The lead college activity is one of the best programmes for student and faculty exchange. During last five years 17 workshops are organized. The IQAC encouraged the faculty for research development and participate in seminar and conferences organized by the other institutions. Nine faculties have attended for refresher course, three faculties attended for orientation programme, one faculty have completed PhD through UGC faculty development programme, two faculties have attended for short term course and four faculties have attended training programme organized by different institutions. It is the outcome of active initiative taken by IQAC of the college.

Due to encouragement and motivation of IQAC the faculty members have given good contribution in research work. They have published their research papers in reputed journals, presented research papers in seminar, conferences and some of them have written books and chapters in books. It is really fruitful outcome of IQAC's sincere efforts and initiative taken by all faculties and Head of the institution.

Our parent institute every year organizes educational workshop for Principal, IQAC members and coordinators. It also conducts the training programme for non teaching staff, due to it they get a wide knowledge and experience which helps for the development of the institution.
